

5. (Amended) A chemical entity according to claim 4 wherein said amino acid sequence comprising a cellulose binding domain is selected from : CBD family 45 from the endoglucanase derived from *Humicola insolens* DSM1800 with a molecular weight of about 43kDa, CBD E3 cellulase from *Thermomonospora fusca*, CBD Cellulozyme from *Clostridium cellulovorans*, and/or mixtures thereof.
6. (Amended) A chemical entity according to claim 5 wherein the chemical component is linked to said amino acid sequence comprising a cellulose binding domain via a linking region.
9. (Amended) A chemical entity according to claim 1 wherein said chemical component is linked to said amino acid sequence comprising a cellulose binding domain or to said linking region via a weak bond.
10. (Amended) A chemical entity according to claim 1 wherein said chemical component is selected from perfumes, hygiene agents, insect control agents, fabric softening agents, soil release agents, bleaching agents, dye fixatives agents, brighteners, latex, resins, and/or mixtures thereof.
11. (Amended) A laundry detergent and/or fabric care composition comprising a laundry detergent and/or fabric care ingredient and a chemical entity according to claim 1.
13. (Amended) A method of cleaning comprising the step of contacting a fabric with a chemical entity or with a laundry detergent and/or fabric care composition according to claim 12 for providing fabric cleaning including soil and stain removal and/or fabric whiteness maintenance and/or fabric dye transfer inhibition.
14. (Amended) A method comprising the step of contacting a fabric with a chemical entity or with a laundry detergent and/or fabric care composition according to claims 12 for providing fabric care including anti-wrinkle, anti-bobbling, anti-shrinkage properties to fabrics, fabric softness, fabric freshness, color appearance and fabric anti-wear properties.
15. (Amended) A method comprising the step of contacting a fabric with a chemical entity according to or with a laundry detergent and/or fabric care composition according to claims 12 for providing sanitisation and/or insect control.
